Common phrases in japanese pdf free printable games online

Hence, worksheets give you a good opportunity to remember what you’ve learned and write things out. At the beginning of each chapter is a super useful table about how to pronounce vowels and how they can change the meanings of words if not spoken correctly. You may be asked this by service people, or any friendly locals you encounter. In English and other Romance languages we tend to have letters that blend together to make some sounds. 6. Great little phrase to find out how much something costs. Japanese doesn’t really which makes pronunciation a lot easier! TIP: One thing to be mindful of, though: Much of the time the letter “u” is somewhat silent, or its full sound is cut short. Are you planning a trip to Japan? For instance, “eki 駅” (train station) would be “eki wa do ko des ka?” . I may earn a small commission if you click through and make a purchase. You may see the traditional numbers throughout the country but I personally didn’t see them being used during my 2 weeks in Japan. See my guide for using correct etiquette in Japan. - The Main Junkie “If you talk to a man in a language he understands, that goes to his head. The word for English “eigo 英語” is pronounced more like “air-go”. Pin it! This post about Japanese phrases for tourists contains some affiliate links, at no extra cost to you. Keep on reading as I’ve listed where you can find them at the end of this article! Japanese is a very syllable-based, vowel-sounding language that’s easy for English speakers to pronounce without many exceptions. A polite way to answer “how are you?” to anyone who asks. Generally speaking, they tend to be a little shy in practicing their English because they aren’t fluent. Japanese Numbers 1-100 Worksheet Want to learn Japanese numbers? They’re free as a good starting step in your language journey. You’ll hear and use this one A LOT in Japan. Lonely Planet Small Talk Asia (latest prices, order here →) This is a handy little phrasebook if you’re planning on visiting Japan as well as other Asian countries. Very handy to know! Concluding learning Japanese for tourists If you’ve made it this far, you must be really keen to learn Japanese so I wish you the best on your learning journey. When nature calls, this is an essential phrase to know! If you’re looking for something else other than a toilet, you can replace the word for toilet “toire” with the thing you’re after. Of course, I do suggest getting a Japanese language program later, but first let’s do worksheets. Why not take a look while you’re here? Don’t be! It’s easy to learn a few handy phrases in Japanese before your trip to get by – this is just as important as knowing what to pack for Japan. You can use “kudasai ください” when you’re asking for something, for instance buying items from a convenience store or purchasing train tickets. So much so, I’ve even written a book to help you learn how to as well! In the book I explain how I’m a firm believer that it’s possible to blend in when abroad by learning some local lingo. More on this at the end of the article. For example, “arigato gozaimuss”. There’s no need to become fluent in Japanese or be daunted by the task of learning THREE alphabets (if you don’t want to!) I’ve got to admit though, being able to read Hiragana (the swirly one), Katakana (the pointy one) and some basic Kanji (derived from Chinese) is SUPER helpful when you’re navigating your way around Japan. Don’t worry, the questions are easy if you follow the lessons that I introduce on in the inside. But you’ll soon find their definition of not speaking English is different to yours! In my experience, the people I encountered who said they couldn’t speak much English spoke well enough to get their message across. This worksheet will 1) teach you all the numbers – from 1 to 100, 2) give you special rules to help learn them fast, and 3) get you to practice writing the numbers in Japanese. Because the Japanese are so polite, they don’t really use the word “no”. As with Berlitz, this book is compact and pocket-sized so it’s perfect for on the go. N5 is considered the test that beginners should take and N4 is harder than N5. As always, I only recommend a product or service that I genuinely love and use myself! Well I guess that’s one less phrase you’ll have to remember now, heh. AJALT Japanese for Busy People (latest prices, order here →) Recommended by the university where I studied a short course in Japanese. Japanese for Busy People was a really helpful book as it doesn’t go into a crazy amount of detail. I’ve got a little guide to numbers further down the page to help you out. In total, you’ll pick up 280+ kanji if you print out and fill out these worksheets. In major cities like Tokyo and Osaka, English will be more widely understood, but not so much the further south you go towards Hiroshima. If you’re a brand new beginner, start with N5, and then move down to N4. 7. Chinesey by Shaolan (latest prices, order here →) Overwhelmed by the thought of 2000+ kanji? If you prefer to watch a video to help you learn, I’ve created this little slideshow. You can even take it one step further and play the Chinesey Memory Card Game - what a fun way to learn kanji! Lonely Planet Japanese Phrasebook and Audio (latest prices, order here →) With their strong reputation Lonely Planet is the industry leader when it comes to learning language for travel. So this worksheet will have you learn and practice writing them out. 5. The book has exercises so you can test your knowledge and also includes some notes about Japanese culture (I’ve also written my own article about do’s and don’ts when visiting Japan). The native speaks the Japanese phrases so fast and it’s very difficult for a beginner to determine what’s been said. Read on for more! TIP: This guide covers everyday phrases that tourists will find useful when in Japan. There are plenty of exercises: matching, translation, multiple choice, grammar, plus a lot of repeated questions for extra review. Simply insert your name where the dots are, for instance mine is “watashi wa Alyse des.” This is a useful to know when introducing yourself to someone you’ve just met, or when checking into your hotel or accommodation. I may earn a small commission if you decide to make a purchase. You may need to throw in a few hand gestures from here! If you’re in need of help from locals, this is the word to use. It can mean “I’m good” or “no worries” without sounding disrespectful. Japanese Quiz Workbook for Beginners This is a printable workbook with 35+ beginner-level questions about Japanese grammar and basic phrases. If you forget how to say them at least you’ll be able to read the basics and know what they mean, which is perfect if you’re a visual learner like me. 4. If you say “iie” (i-eh) for no you may receive a strange look! You really need to draw out that “ii” sound otherwise the word “ie” means “home”! You’re not really meant to use it when refusing something. They may say something that alludes to the meaning of no, but not say it directly. This is used as a final goodbye, when you know you may not see that person again. Doing this — using the words and writing them — will help you remember them better. So that later, you can freely use them while you’re speaking Japanese. I’ll guarantee this will help you get the most out of your trip, as I’ve also created a super easy and FREE downloadable PDF cheat sheet of these phrases so you can use it offline when in Japan. 3. It’s like learning to dance without actually trying to dance. It’s pretty simple. Handy to use if you’re following one of my itineraries for Japan! If you know you’ll be seeing them again soon, “ja matane じゃまたね” meaning “see you later” is more appropriate. However, no (literally “iie” いいえ) is a different story. Berlitz audio is a much better alternative, so I’d highly suggest Berlitz. Cash is king in Japan and usually the preferred way to pay for things. A 70-minute audio CD covers the pronunciation from exercises from the book, which is also great. Free at Linguajunkie.com Get a chance to practice your Japanese Remember Japanese better through practice (filling out the worksheets) Speak fluently later... because you’ve practiced You’ll never learn simply by “listening” or “reading about things.” You have to DO things. Berlitz Japanese Phrasebook and Audio (latest prices, order here →) After using Lonely Planet phrase books exclusively for years I was introduced to Berlitz phrasebooks by a paid language course I took at my community college. My advice below is purely so tourists can get their message across and be understood. How to download these worksheets and workbooks. Notes on basic Japanese phrases and pronunciation 20+ useful phrases in Japanese for tourists Brief introduction to numbers FREE cheat sheet PDF download of Japanese phrases for offline use Additional resources to learn Japanese and where to find them This post contains affiliate links, at no extra cost to you. Especially useful when shopping for food! Remember to learn some possible responses like chicken (チキン chikin), beef (ビーフ beef), pork (ポーク pork) or fish 魚 (sakana). Your job is to write out the Japanese words in the blank spaces, just the situations you would normally use Japanese to survive as a tourist (or there on a business trip). Pin me to Pinterest for later! Of course, there are dozens more Japanese phrases I could add to this list. If you download but don’t use them, you’re never going to learn any Japanese. Reader’s Tip: Another handy replacement for “iie” is “daijyobu desu”大丈夫です. Why Learn with Japanese Worksheets? I hope you’ll also find my free PDF cheat sheet helpful, too! Hungry for more? If it’s your first trip or revisiting, my popular Japan archive of articles includes do’s and don’ts for visiting, detailed itineraries, hidden gems, city guides and much more. It makes it easy to brush up on your Japanese phrases on the plane before you get there (without having to rely on pocket wifi) TIP: Specifically for Japanese - The Lonely Planet audio is useless for a beginner. The phrasebooks are also compact and cover most travelling situations. For instance, the sound “su” す is mostly pronounced with just the “s” sound, so my pronunciation guide below reflects this. For fascinating expressions and their meanings you can use at home, take a look at my guide to beautiful words in Japanese. If you’re interested in learning how to self study Japanese alone, click the link to the left to learn more. Although the content is very similar to Lonely Planet’s (more below) I found some of the Berlitz phrases were more simplified, which made them easier to say and remember. Also, words ending in ます “masu” are pronounced like “muss” rather than “mAs”. I’ve have written about loads of tips and tricks for Japan, focused around how to be an invisible tourist while you’re there. For quick reference, I’ve created this list of the most useful phrases in Japanese for tourists below so you don’t have to scour the internet putting together bits and pieces! These are phrases I used daily on my trips to Japan. It’s a great ice-breaker to help you practice some Japanese. If you started learning and want to test yourself against something, try this one out. If you’re offering something, like allowing someone to enter a doorway before you, “dozo” どうぞ” and an open hand will take your politeness to the next level. I’m a HUGE fan of being an Invisible Tourist when travelling (hence the name of this blog). It’s even better when you can read what’s in some of the interesting Japanese foods at the convenience stores! I’m so glad I learnt to read before my trip (even if sometimes I didn’t know what I was reading but I could piece the puzzle together). “Chotto ちょっと” meaning “it’s a little...” is the more correct way to say no in Japanese. Luckily for English-speakers, the Arabic numerals we all know and use in the Western world are widely used in Japan. Just keep your sentences short, simple, clear and it’s likely you’ll be understood. However, the aim of this article is to help you learn the most effective phrases you’ll use on a daily basis as a tourist. This is a great one to use if you got talking to some locals at an izakaya (Japanese style pub). I don’t include the audio pronunciation within the video as I’ve recommended some audio options down the page to further help. Kinda obvious, “konbanwa こんにちは” is useful if you’ve finished eating dinner at a restaurant and saying goodnight to the chef and staff as you leave, or greeting staff at your hotel when you return for the night. You’ll be greeted with this phrase in the morning by staff at your hotel, or in stores. Plus, I’m sure no one wants to hear a twinge of my Australian accent peek through! (Psst, if you can’t see it below, just disable your ad blocker): TIP: A little disclaimer for people who have extensively studied Japanese: I studied two Japanese courses that covered the language at a beginner’s level and have asked expats living in Japan to proofread this guide. If you can only master one of the phrases in my article, let it be this! You can also use “domo どうも arigato” if you want to be super polite. Great for asking a native speaker to translate a paper map, tickets, or anything else you can’t seem to understand in its context. Now you’re set to go with the basic phrases you’ll need in Japan, as well as how to pronounce them and the best context to use each. They may go on to think that your Japanese vocabulary is larger than it seems! “Sumimasen すみません” is used for getting someone’s attention. Just write in your schedule, duration, your goals, cross out the days you’ve completed, and... do NOT miss a day. If you’re spending big on a particular item this is a handy phrase to check you don’t need to withdraw cash to carry out your purchase. But, if you already understand the importance of sticking with things and just want a worksheet to fill out, then download this one. Looking for free Japanese worksheets? Hiragana and Katakana Worksheets This is a nice worksheet for anyone looking to learn the Japanese alphabet — namely the kana (hiragana and katakana.) Of course, you’ll need to print this out for maximum effect... and to actually write on them. Well, success is a product of one thing and thing only - your routines. Hello: Konnichiwa こんにちは The famous word you’re probably already familiar with! “Konnichiwa こんにちは” is best used when meeting and greeting people. It’s particularly useful if there’s an emergency and you need assistance. It has to be one of the best ways to not stand out as a stereotypical tourist. If you don’t know the names of numbers in Japanese when they respond, ask the shopkeeper to write it down. There’s also a section where you’re given the English meanings and have to write in the Japanese — a good way to test yourself. The pronunciation of the symbols may be different than Japanese, but this this book is awesome because it easily breaks down the kanji into simple pictures to help you remember what they mean. I’d also advise learning the names for the foods you are adverse to so you don’t order them by mistake. Here at the linguajunkie blog, you’ll find a nice collection of Japanese worksheets that are meant for beginners. If Japanese is all getting a bit much for you, this is a good phrase to use. Perfect to use in restaurants or when eating out, this is a polite way to ask the food or item you wish to order. The fact is... you can read and listen to things all day long... But, you will NEVER learn Japanese... And you will NEVER learn to use it freely and speak it freely like your very own language... if you don’t actually do work — practice writing and speaking. The Japanese Learning Routine Worksheet & Guide Want to succeed with Japanese? Small Talk Asia covers the basic survival phrases you’ll need in Japanese, as well as Cantonese, Korean, Lao, Thai, Vietnamese and more. However, if you accidentally bump into someone “sumimasen” is more commonly used. “Ohayo gozaimasu おはようございます” is a bit self-explanatory. This makes reading numbers easy for us! Their pronunciation is different, though. 8. Be sure to reciprocate the greeting, and slightly bow your head in return! But how much to bow? I’ll detail each useful phrase and the most appropriate time to use them below. PDF Japanese WorkBook for Beginners - 101 Exercises This is a bit more than just a “worksheet.” It’s more of a workbook since it has 101+ beginner level questions. Chinesey is going to be your best friend! Although this book is to help you learn Chinese, it’s a game changer when learning kanji (as this is derived from Chinese). If you found this helpful or know someone who is planning a trip to Japan, please share it around as it really helps me in return! You can also come and join me on Facebook, Pinterest, Instagram and TikTok for more Japan inspiration! Like it? Click on the images to open up the PDFs. You can also right click and “save as” to save the PDFs to your device Remember, since these are worksheets, you need to print out and write on them to do the “work” and get the most out of these. A politer way to say it would be “kekko desu”結構です. Worried about the language barrier? If you talk to him in his language, that goes to his heart.” - Nelson Mandela. 1. Getting your hands and ears on some Japanese audio will help you be well on your way to being an invisible tourist in Japan! As you can probably guess from the photo above I have loads of books that helped me prepare for my first trip to Japan and subsequent visits. This Japanese phrasebook covers almost every situation you’d expect when travelling and provides the phonetics of foreign words. So, let’s dive into the most useful Japanese phrases for travellers: 1. Contrarily, “gomennasai ごめんざい” is the more literal translation of “I’m sorry” but that’s more used as an apology. The workbooks are based around various topics: greetings, nouns, adjectives, time-related phrases and more. Each Japanese workbook contains a number of words and phrases along with the translations. Also, this made worksheet is by JapanesePod101, a popular Japanese learning program. A Bundle of 16+ Japanese Workbooks If you’re looking for Japanese writing workbooks that you can print and write in... here’s a nice collection also from JapanesePod101. Most Japanese people will politely shake their head in response to this question, despite having learnt some English at school. It’s pretty obvious when you would want to use yes (hai はい), so no explanation needed here. If all else fails, at least you can write it down! Click on the image below to download my FREE PDF of all the phrases I’ve listed above. In other words, your ability to stick with learning the language for a long period of time. Thankfully after World War II the Japanese adopted using the same Hindu-Arabic numerals we do in the Western world! Once you’ve finished your meal in a restaurant, say this handy phrase to your waiter for the bill/check to be brought over to you for payment. 2. You definitely don’t need this many but I found each helped me in a different way, which I explain below. Sure, these days it’s all too easy to use language apps like Google Translate to do all the hard work (but where’s the fun in that?!) Knowing some Japanese phrases beforehand will save you having to use pocket wifi or data roaming during your trip and you’ll get a more authentic exchange with locals. So, here are 2 worksheets that were designed for the N4 and N5 Japanese Proficiency tests. Print it out for maximum effect. And you want to speak Japanese one day, right? As a general rule with Japanese, pronounce the words by breaking them down into their syllables. No, this isn’t a typo! To greet someone in the afternoon, “konnichiwa こんにちは” is also used. It’s free to use, while it does come with a premium version I never felt the need to purchase it as the free option provided what I needed. If you’re a book lover like me, you may want to use a phrasebook to study some extra phrases. It’s super handy as you can print it out to take with you, or store it on your phone for offline use when you’re adventuring around Japan! But that’s not all... Don’t forget to keep reading below to discover more resources for learning Japanese and where you can find them! Additional resources to learn Japanese for tourists As explained in my detailed guide to learning any language for travel, my absolute favourite app to help me learn Hiragana and Katakana is Memrise. Here’s 20+ super useful phrases in Japanese for tourists & FREE cheat sheet I highly recommend listening to some Japanese audio so you can get the hang of how to pronounce the words and phrases correctly to avoid locals looking at you like you’ve got two heads. 25 Phrases for Beginners - Japanese Worksheet If you’re a brand new learner, then you’ll need to know some common Japanese phrases like Japanese greetings, “how are you,” “thank you” and more. So, keep that in mind — nothing happens if nothing is done. If you’re in a store asking for a quantity of something, it’s good to be able to pronounce numbers 1 through 10 so you can get by. Kanji N4 & N5 Japanese Worksheets: 280+ Kanji Once you’re done with Hiragana and Katakana, you should move onto Kanji.
